Ghana	Military and Police Capabilities: Maintain PCRS pledges of 1 FPU, FP Coy, Field Hospital, Eng Coy, Signal Coy, 2 Inf Bn.
Greece	<p>Training and Partnerships: Counter Improvised Explosive Devices (C-IED) training.</p> <p>Environment: Autonomous Portable Power Generation and Storage Management unit.</p>
Hungary	Funding: USD 110,000 for the Digital Transformation of UN Peacekeeping.
India	Military and Police Capabilities: Infantry battalion; signal company; engineer company; one corvette (w/o helicopter).

<p>Indonesia</p>	<p>Military and Police Capabilities: Combat Convoy Company Task Force (200 personnel); Construction Engineering Company (140 personnel); Mechanized Infantry Company Base Defense (210 personnel); Special Force Company (150 personnel); 1 Quick Reaction Force (250 personnel); Formed Police Unit (198 personnel).</p> <p>Training and Partnerships: Co-hosting UN Triangular Partnership Project (TPP) with UN and Japan (2022); Capacity Building Partnership with UN Integrated Training Service (ITS) and Swedish Armed Forces International Center for Senior Mission Leaders (SML) Course (2022); Proposing Training recognition for Protection of Civilians and Military Observer Courses; Capacity building programs for women peacekeepers; Exploring possibility for co-hosting UN TPP with South Korea in 2023; Capacity building for Riverine and K-9 capacities as part of FPU’s deployment; Training provider (instructors and materials) for other PCCs; Issues on tactical progression, Public Order Management, K9 Police Capacities, Disaster Victim Identification, Riverine Police Capability, Disaster Management, Explosive Ordnance Disposal, Sexual exploitation and abuse.</p>
<p>Ireland</p>	<p>Training and Partnerships: Deployment of master Counter Improvised Explosive Devices (C-IED) trainer to UNMAS, Entebbe to support mobile training team over a two year period; Provision of Irish master trainer to lead UN Crime Led Intelligence train the trainer courses for four weeks per annum; Commitment to invite other PCCs to participate in Ireland’s UN pre-deployment training; Renewal of existing pledges for military peacekeeper training in Ireland & abroad, covering protection of civilians, human rights, civil military relations, core pre deployment, staff officer, counter IED and mine awareness training.</p> <p>Funding: Support Multi-Partner Trust Fund (MPTF) for Sudan over three years with annual funding equal to our share of the unencumbered peacekeeping budget (€84,140 in 2021); Funding of €800,000 through the Climate and Security Mechanism to support advisory service in South Sudan; Funding for Data Analytics Training Project - €20,000.</p> <p>Medical: Provision of 1,100 Buddy First Aid Kits to peacekeeping partners through the Light Coordination Mechanism.</p>
<p>Israel</p>	<p>Training and Partnerships: Contribution to Field Medic Assistant Course through the Triangular Partnership Programme (TPP).</p> <p>Funding: Funding psychological resilience virtual workshops for capacity building of peacekeeping missions.</p> <p>Medical: Support to UN Mental Health Strategy for uniformed personnel.</p>
<p>Italy</p>	<p>Military and Police Capabilities: 4 Utility Helicopters, Engineering- Airfield Construction and Maintenance Units/Services, Transport Airfield units (including ground handling services – 1 team RSOM-ATO), Strategic airlift KC767 (availability also subordinate to the end of commitment in Iraq), Tactical UAV; Port Operations Unit, Landing platform Dock Ship (also available for Capacity Building activity); Infantry Battalion (including C2), Signal Company, Engineer Company (EOD capable), Outreach Unit; Transport Company, Special Operations Forces detachment, Force Protection unit, Police Rapid Mobile Assistance Training Team; Role 1 hospital.</p> <p>Training and Partnerships: 41 multidomain courses: Land, Maritime, Air, MP, medical training.</p>

Jamaica	Military and Police Capabilities: Deployment of a military company to UN peacekeeping.
Japan	<p>Military and Police Capabilities: Contribute to strategic air lift through Peacekeeping Capability Readiness System (PCRS).</p> <p>Training and Partnerships: Continue to dispatch instructors for engineering and medical fields with a focus on Training of Trainers (TOTs) and contribute to remote trainings including the area of Construction Process Management (CPM) under Triangular Partnership Programme (TPP). Seek new areas of trainings for further expansion of TPP. Consider expanding contribution in medical field. Continue bilateral and multilateral contributions to capacity building, including institutional capacity development for peacekeeping training centers. The development of the Specialized Training Materials (STM) for the UN Engineer Unit & Counter Explosive Threat (CET) Search and Detect Manual. Consider conducting workshops and seminars around the first quarter of 2022.</p> <p>Medical: Expansion of the Triangular Partnership Project (TPP) on medical training.</p> <p>Women, Peace and Security: Continue dispatching female staff officers; As a co-chair of ADMM Plus Experts' Working Group on PKO (PKO-EWG), continue to lead Women, Peace and Security (WPS) Platform under PKO-EWG.</p>
Kazakhstan	<p>Military and Police Capabilities: Level 2 hospital with Aeromedical Evacuation Team (AMET) and 2 helicopters; Intelligence, Surveillance, and Reconnaissance (ISR) platoon with UAV; EOD unit; Military Police Unit; tactical UAV unit.</p> <p>Training and Partnerships: UNMOC ToT; UN Gender Course; Military Peacekeeping-Intelligence Course; Explosive Ordnance Disposal (EOD) course.</p>
Kenya	<p>Military and Police Capabilities: 1 helicopter unit in partnership with Korea; 1 Explosive Ordnance Disposal (EOD) unit; Military Police Company for Rapid Deployment.</p> <p>Training and Partnerships: Counter Improvised Explosive Devices (C-IED) training at International Peace Support Training Centre (IPSTC) in Nairobi.</p>
Latvia	<p>Training and Partnerships: Training in cyber-security and cyber-kinetic operations awareness.</p> <p>Funding: Contribution to Peacebuilding Fund.</p> <p>Women, Peace and Security: Will contribute more women personnel.</p>
Lithuania	Training and Partnerships: Training and capacity building on mis/ disinformation response and on strategic communication in a digital environment.
Malawi	<p>Military and Police Capabilities: Light mobile surgical module.</p> <p>Women, Peace and Security: Further increase the number of women deployed to peacekeeping.</p>
Malaysia	<p>Training and Partnerships: Provide training on Women, Peace and Security.</p> <p>Women, Peace and Security: Working towards 10% women in Malaysian armed forces.</p>
Mexico	<p>Military and Police Capabilities: Joint Engineering Company; Unmanned Aerial System (UAS) unit.</p> <p>Training and Partnerships: Training courses at Mexico's Joint Peace Operations Training Center.</p> <p>Women, Peace and Security: Enhanced participation of women peacekeepers; deployment of specialized women personnel.</p>

Mongolia	<p>Military and Police Capabilities: Quick Reaction Force, Level 2 Hospital, Engineering Company.</p> <p>Training and Partnerships: Establishment of Research Center on Peace Operations in Mongolia.</p> <p>Women, Peace and Security: Increase in participation of women peacekeepers; host conference on best practices of women's participation in peace operations.</p> <p>Environment: Equip units with renewable energy capacities.</p>
Morocco	<p>Military and Police Capabilities: Level 4 hospital for evacuations; mixed engineering company.</p> <p>Training and Partnerships: Training on digital transformation and translation of training material.</p> <p>Medical: Level 4 hospital.</p> <p>Women, Peace and Security: Increased number of women in its contingents.</p> <p>Misc: Organize with France the second Ministerial on Peacekeeping in Francophone environments.</p>
Mozambique	<p>Military and Police Capabilities: Provide well-trained observers.</p> <p>Women, Peace and Security: Continue to implement the WPS agenda.</p> <p>Misc: Improve planning between UN and regional and sub-regional organizations.</p>
Nepal	<p>Military and Police Capabilities: Unmanned Aerial System (UAS), Quick Reaction Force, Special Forces, Infantry Battalion, Military Police and Signals Company.</p> <p>Training and Partnerships: Regional and international Peacekeeping trainings in Birendra Peace Operations Training Center as well as mobile training team.</p> <p>Women, Peace and Security: Increase women's participation in national defence forces.</p> <p>Environment: Use renewable energy to reduce environmental footprint in missions.</p>
Netherlands	<p>Military and Police Capabilities: C-130 transport aircraft for MINUSMA.</p> <p>Training and Partnerships: Peacekeeping-intelligence course.</p> <p>Funding: Funding for POC, technology, and A4P+ monitoring projects.</p>
Nigeria	<p>Military and Police Capabilities: Gender-sensitive company.</p> <p>Training and Partnerships: Training spots at national training institutions.</p> <p>Women, Peace and Security: Increase participation of women and incorporation of gender perspective.</p>
North Macedonia	<p>Military and Police Capabilities: Contribute increased number of peacekeepers.</p> <p>Women, Peace and Security: Achieve the gender participation targets.</p>
Norway	<p>Military and Police Capabilities: Engagement Platoon, Unmanned Aerial System (UAS) team, EOD team, and/or medical unit for MINUSMA; continue multinational rotation concept for C-130s in MINUSMA; Explosive Ordnance Disposal (EOD) analyst to UNHQ.</p> <p>Training and Partnerships: Virtual Reality training; Gunshot detection system.</p>
Pakistan	<p>Military and Police Capabilities: Level 2 hospital (with Kazakhstan); Engineering Bridging Company; women staff officers.</p> <p>Training and Partnerships: EOD training; UN Train the Trainer course; UN Logistics Officer Course; UN contingent commander course; seminar on women, peace and security.</p>

Peru	<p>Military and Police Capabilities: Quick Reaction Force for 2022; IPOs for 2022; EOD team.</p> <p>Training and Partnerships: Training and capacity-building on Explosive Ordnance Disposal (EOD).</p> <p>Women, Peace and Security: Will contribute more women personnel.</p>
Poland	<p>Training and Partnerships: UN Military Observer Course in 2022.</p>
Republic of Korea (ROK)	<p>Military and Police Capabilities: Contribute 16 helicopters through partnership to deploy to UN peacekeeping operations; Deployment of additional police for cyber forensics and investigation.</p> <p>Training and Partnerships: Capacity-building through Light Coordination Mechanism (LCM) (for mine removal); Provision of engineering equipment and instructors to ASEAN as part of the Triangular Partnership Programme (TPP);</p> <p>Technology: Support to UN Smart Camps project.</p> <p>Funding: \$2.5 mil to Peacebuilding fund; \$2.5 million to DPPA appeal; Increase from \$1 to \$3 million in extrabudgetary funding for DPO and DOS for UN peacekeeping projects in 2022. In 2021, \$1 million USD for Smart Camps project, Casualty Tracking System and Digital Transformation Strategy.</p> <p>Medical: Medical training team to UNMISS. Support expert education by dispatching training instructors to Ethiopia's Medical Training Center.</p> <p>Women, Peace and Security: Increase women participation from 17% to 25% by 2028; \$500,000 USD for the Elsie Initiative. Together with UN Women, host a female military officer course and training on gender issues.</p>
Romania	<p>Women, Peace and Security: Increase number of women peacekeepers.</p> <p>Environment: Reduce environmental footprint.</p>
Rwanda	<p>Military and Police Capabilities: Unmanned Aerial System (UAS) with 4 UAV; 2 fully capable Aeromedical Evacuation Teams (AMET) (1 fixed wing, 1 rotary wing).</p> <p>Training and Partnerships: Training for regional partners in POC, child protection and Women, Peace and Security.</p>
Slovak Republic	<p>Training and Partnerships: Hosting and financing a UN Infantry Battalion Course.</p>
Slovenia	<p>Funding: EUR 60,000: a contribution to a project aimed at strengthening the UN peacekeeping forces (EUR 20,000), a contribution to the UN Department of Political and Peacebuilding Affairs (EUR 20,000), and a contribution to the UN Peacebuilding Fund (EUR 20,000).</p>
Spain	<p>Military and Police Capabilities: Tactical airlift to MINUSMA and MINUSCA.</p> <p>Training and Partnerships: Training of Lebanese Armed Forces on maritime capabilities.</p>
Sri Lanka	<p>Military and Police Capabilities: Increase the strength of Combat Convoy Company in MINUSMA up to battalion; Infantry company/battalion; Field Engineering Construction Company; Provost Company; Engineer Battalion; Demining Company; Special Force and Commando Company for VIP, VP and KP Protection; EOD Company Search and Rescue Company for Disaster Mitigation, Relief and Management; Drone Platoon; Signal Company; small boats and personnel for riverine operations; Special Operation Forces (SOF) tasks, VIP protection duties; Explosive Ordnance and Disposal (EOD), Explosive Ordnance Disposal Unit; Aviation Unit (MI- 17 Helicopters); Quick Reaction Force with VIP Protection; Increasing women and men Individual Police Officers; Formed Police unit (FPU).</p>

	Women, Peace and Security: More female Staff Officers and Military Observers in any Missions.
Sweden	Military and Police Capabilities: Mechanized Infantry Company for MINUSMA in 2022 (already deployed). Training and Partnerships: Host Senior Mission Leadership (SML) course in 2022. Provision of engineering equipment and instructors to ASEAN as part of the Triangular Partnership Programme (TPP); Funding: Funding for peacekeeping-intelligence development; 29 mil USD funding for peacebuilding fund in 2022; Funding for transitions project; Funding for police planner for Special Political Mission (SPM); Women, Peace and Security: Financial, advocacy, policy and program support to the WPS-HA Compact in the next five years; Continued financing and push for women's rights and women-led organizations; Promotion of systematic and meaningful inclusion of local women peacebuilders and human rights defenders.
Switzerland	Training and Partnerships: Host up to four UN training courses organized by the Department of Peace Operations in 2022.
Tanzania	Military and Police Capabilities: Infantry battalion with Engagement Platoon; Quick Reaction Force.
Tunisia	Military and Police Capabilities: 2 Quick Reaction Force Companies.
Turkey	Military and Police Capabilities: Five SOs to MINUSMA; transport aircraft to MINUSMA or MINUSCA. Training and Partnerships: Maritime and other training in Turkey.
United Arab Emirates (UAE)	Training and Partnerships: Train 200 women in UAE to increase the number of women in peacekeeping. Funding: Logistical and material support to UN Peacekeeping.
Uganda	Military and Police Capabilities: Infantry battalion, Quick Reaction Force, and Level 2 hospital, all deployable in 90 days. Training and Partnerships: Use of regional service centre in Entebbe. Women, Peace and Security: Increase women in peacekeeping and ensure better performance.
UK	Training and Partnerships: Training with new partners deploying to MINUSMA to improve safety and enhance contingent capabilities; Adopt Framework Nation status for the incorporation of Slovakian, Serbian and Hungarian troops in UNFICYP; Training for Ghana in countering the Improvised Explosive Devices (IED) threat; Exchange of UN Peacekeeping Operations pre-deployment courses with Ireland; AMISOM pre-deployment training to 1100 Kenyan Defence Forces (KDF) from this year through to March 2023; 100 x KDF personnel trained as counter-IED Searchers; British Peace Support Team (Africa) troop and police training of c.10,000 peacekeepers each year. Funding: £10m for the UN Peacebuilding Fund in FY 2021/22. Medical: Review of UN Medical Evacuation policy and implementation in MINUSMA; UK expertise to develop a new Patient Evacuation Co-ordination Centre in Mali. Call for other Member States to collaborate and contribute expertise; Buddy First Aid Train the Trainer course delivered with Nepal (25 Master trainers) and 2 Super Trainers (Belgium and Nepal). Offer to expand to other partners; Sharing of UK expertise and doctrine towards the development of a Mental Health Strategy for Trauma Risk Management of Uniformed Personnel;

	Misc: Senior UK expert to the UN team reviewing the counter-IED capability in UN Peacekeeping Operations.
United States	<p>Training and Partnerships: Airlift capacity for El Salvador, Uruguay and Rwanda; Support for joint pledge for Kenya and ROK; Invest in 35 armored personnel carriers for Uruguay, Burkina Faso and Niger; C-IED training for TCCs; Building medical capabilities for two Level 2 hospitals in Tunisia and provision of first aid kits for five MINUSMA TCCs; Peacekeeping-intelligence support including Unmanned Aerial System (UAS) capability for Bangladesh; Training infrastructure for other TCCs.</p> <p>Police: Supporting creation and update of training material, including through workshop and TOT course; Expanding training on SEA prevention; Embed US advisors with TCC units to build on PDT and help improve performance.</p> <p>Funding: Funding to the UN Trust Fund for victims of SEA; fund monitoring and evaluation specialists to assess POC activities to improve impact; funding for specialists in missions to counter mis and disinformation and strengthen strategic communication capacities.</p> <p>Women, Peace and Security: Advancing efforts to increase women leaders; funding to the senior women talent pipeline.</p> <p>Environment: Promoting energy efficiency in missions to explore opportunities for energy efficient deployments; Deploy energy-efficient hybrid generators as pilot with Nepal.</p>
Uruguay	<p>Military and Police Capabilities: Quick Reaction Force</p> <p>Training and Partnerships: Train of trainers for Protection of Civilians; host UN courses; offer Subject Matter Experts (SMEs) and trainers for the UN Integrated Training Service (ITS).</p>
Vietnam	Women, Peace and Security: Increase participation of women individual officers and contingents.
