

The UN Department of Peace Operations (DPO) is pleased to launch

the interactive online version of *the DPO Gender Equality and Women Peace and Security Resource Package*

available in [English](#) and [French](#).

The Resource Package, which was launched last year, is a strategic capacity-building tool and reference guide for peacekeeping personnel and stakeholders developed to advance the implementation of Women Peace and Security (WPS) mandates and commitments. To enhance broader utilization and dissemination, with the continued support of funding from the Government of Canada, DPO has now availed an interactive online version of the book.

“I hope that this Resource Package will enable all personnel at headquarters and in peace operations to be better equipped for the implementation of DPO’s gender equality and WPS mandates and commitments.”

Jean-Pierre Lacroix, Under-Secretary-General for Peace Operations
